

mpv-hero

mpv media player from zero to hero. Get quickly and easily started with the popular mpv media player.

So far mpv-hero is only available for Windows.

mpv-hero consists of:

- Original/Vanilla mpv ([Website](#), [Download](#)).
- Popular mpv user scripts and tools that enhance mpv.
- mpv and user script config files.

Included user scripts and tools:

- [mpv-menu-plugin](#) - The context menu.
- [uosc](#) - Feature-rich minimalist proximity-based UI for MPV player.
- [thumbfast](#) - High-performance on-the-fly thumbnailer script.
- [recent-menu](#) - Showing recently played files.
- [command_palette](#) - A searchable menu.
- [yt-dlp](#) - A feature-rich command-line audio/video downloader.

For a full list of available mpv user scripts and tools visit:
